**Description**

<p>Leaflet accompanying the <em>Revolt & Revolutions </em>exhibition held in the Bothy Gallery at the Yorkshire Sculpture Park. Inspired by a Noam Chomsky quote, "Optimism is a strategy for making a better future", the exhibition is made up of works in the Arts Council Collection which give insight into modern anti-establishment and counter-cultural movements. Mentions of Moore, p.3, as a "cornerstone" of the YSP loan collection, and p.5 as one of the artists whose works are in the Arts Council collection. p.21 discusses Moore's <em>Helmet Head No.3</em>, exhibited in Room 2. Mentions of Moore's opposition to nuclear weapons, and his use of the armour in the Wallace collection as inspiration for the Helmet Head series.</p> <p><br></p>
