Ithaca, New York

Date & Collation

352pp.illus.

Year

2019

Description

Guide to the collection of the Herbert F. Johnson Museum of Art, arranged broadly chronologically. The museum owns two Moore works, discussed on p.219 in the section on "Midcentury Sculpture": Reclining Figure (LH 247) and Maquette for Standing Figure (LH 290a). Both are illustrated. Moore's works are discussed alongside those by Seymour LIPTON, an American abstract expressionist and almost exact contemporary of Moore.
