Title

Sculptor's daughter hits plan.

Publisher

Hertfordshire Mercury

Place Published

Hertford

Date & Collation

(24 May)..

Year

1991

Description

Mary Moore has criticised plans by the Henry Moore Foundation for turning Moore's home into a tourist spot. She accused the Foundation of losing its way and failing to preserve her father's studios. Any new buildings would destroy the environment in which Moore lived and worked. She suggested a compromise display of Moore's sculpture and drawings in London. Perry Green has neither the infrastructure nor the desire to cope with a major influx of visitors.

For letter of response by Lord Goodman see 0013433.
